WANTED
Rising Stars
Volunteer Tutors

Please Help

strengthen reading and math skills of at-risk students.

You can make a difference in the life of a child!

Rising Stars Volunteer Tutors

You can help a child succeed

Much can be accomplished with as little as one hour of tutoring a week.

You can make a lifelong impact

As a tutor, you can serve as a child's role model and mentor.

You can invest in the future

With your tutoring presence, children can improve reading and math skills. By helping students early in their education, you give them the building blocks they need to succeed.

Volunteer today

Commit to make a difference by providing one-on-one tutoring for children in K5 through 8th grade. Tutoring occurs primarily during the school day. There are some after school, evening and Saturday opportunities.

We make it *Easy*

Volunteers receive ongoing training and are provided with work by their cooperating teachers.

School Sisters of Notre Dame

Believe education means helping people reach the fullness of their potential as individuals created in God's image, and assisting them to direct their gifts toward building the earth. We do this as Sisters in partnership with people like you.
