

A dense, black and white line-art pattern of various school and office supplies. The items are scattered across the entire frame, creating a busy, textured background. Recognizable objects include pencils, pens, markers, books, notebooks, clocks, rulers, protractors, compasses, paper airplanes, paper clips, binder rings, and geometric shapes like stars and hearts. Some items are more detailed, like a globe and a microscope, while others are simpler icons. The style is clean and minimalist, using only black outlines on a white background.
